

## Local Brevities

A conflagration was narrowly averted today when an employee of J. R. Angius discovered and extinguished a small blaze on the roof of Goldworthy's building. The roof was ignited by a spark from the engine.

Judge Williams' court was entertained this morning by Jose Lopez, Felipe Moleca, Francisco Sabal, Abram Madyd and Teodora Garcia, all of whom had looked upon the wine when it was red. They were assessed \$10 each, in default of which they will do yeomanry for Cochise county for ten days.

James Herrick, who was thrown from a horse several weeks ago, sustaining a dangerous fracture of one of his lower limbs, has improved so that he came up from Fairbank yesterday and mingled with his Bisbee friends. His mother, who has been quite ill in Los Angeles, is convalescing and will soon be able to return to her Arizona home.

Those who were at the railway station, when the train left this morning, witnessed an unusual exodus of Bisbee's citizens. Following is the list of those who left: Miss Dunley; Mr. and Mrs. Sampson; Mr. W. C. Greene, of the Greene Consolidated Mining company; Sheriff Scott White; Sheriff Truman, of Pinal; John Garrity; Thomas Kelly; John Mobury and James L. Herrick.

A. G. Wedge, a prominent attorney from St. Paul, Minnesota, is stopping in Bisbee for a few days. Mr. Wedge has valuable mining interests in Sonora, Bacuachi, and in close proximity to the copper holdings of the Copper Queen company. Mr. Wedge awaits the arrival of Dr. N. Lehnen, of St. Paul, who is interested in the Mexican mines, and who will arrive in Bisbee tomorrow, when the two gentlemen will journey southward to inspect their holdings and note the extent of development now under way. After viewing the property and mapping out additional work, Mr. Wedge and Dr. Lehnen will return to Bisbee en route to their home in the northwest.

### A Narrow Escape.

E. G. Ord, of Bisbee, is of a prepossessing figure, handsome of countenance, athletic in movement, suave, religiously inclined, and much resembles the late Robert G. Ingersoll—just the person that would likely be taken for the editor of the COCHISE REVIEW, and thus it is that Mr. Ord came near getting into trouble at Naco yesterday afternoon.

Mr. Ord visited the line city on business connected with his house, and upon the precincts of that enterprising little town he was accosted by several infuriated citizens who queried if he represented the COCHISE REVIEW? "I do," said Mr. Ord, "and endorse its principles throughout, as do all good citizens of Bisbee." The frank confession was like pouring oil on the troubled waters, and the irate throng said, "why don't our papers come regularly?" Mr. Ord related to them the fact that while he heartily endorsed the REVIEW he was not the editor in fact, but would report the grievance to the business office, when, he knew, the amends honorable would be made.

The management is pleased to learn that the REVIEW is so highly appreciated, and it will be seen to in the future that our numerous readers in the line city are faithfully served, and with that end in view a carrier on horseback will be dispatched thence each afternoon. After a short time, when our business shall have been systematized, subscribers will have no room for complaint.

The REVIEW is constantly growing in public favor, and with each succeeding issue improvements will be added as the patronage will merit.

### MINING NOTES.

The Arizona Copper company reports the output of its mines at Clifton during February as consisting of 825 tons of copper, and the bonds were taken up by the company last week, making cash payments for the same. More of this property will be sold later.—Prospector.

A big strike has been made in the Bullion mine between Crittenden and Harshaw, in Santa Cruz county. The ore runs from 2000 to 3000 ounces in silver.

A letter to Ex G. Ord from James Hay, at Cananea, brings the information that the smelter there has been temporarily closed down because of lack of coke. Its inactivity, however, will be brief.

The mines in the vicinity of Tripp's canyon are showing up splendid ore, says the Graham County Guardian, and the people to whom they are bonded and sold, are preparing to work these mines on an extensive scale.

A favorable appearing mining property is that belonging to George Briggs, situated near Sandy Bob's old place in Tombstone canyon. The claims are known as the Mountain Lion group. A shaft sunk on the central claim, at a depth of fifty feet, shows very rich ore, carrying copper and gold. S. S. Sutton, a miner of years experience, says he has seldom seen a more promising prospect.

## THE MAGPIE MINSTRELS.

### The Event of the Season at the Opera House Last Evening.

The entertainment billed to come off at the Bisbee opera house last evening, the proceeds of which are to be applied to the Mexican Catholic church, was attended with a greater success than the more sanguine friends of the enterprise anticipated.

An extensive program of the affair was published in the REVIEW and the greater portion of Bisbee turned out to witness the cleanest and most enjoyable rendition of old-time songs and up-to-date local hits that has ever pleased a copper camp audience.

It is not necessary for the REVIEW to attempt to dilate upon the efficiency of those whose talent contributed to the success of the Magpie Minstrels, but it is due to state that those having the affair in charge—Mrs. William H. Brophy, President; Mr. George Coleman, Stage Manager, and Mr. Gustave Hempel, Musical Director have won laurels from the public for the perfection of last evening's entertainment, and the highest encomiums are being bestowed upon the management and those who participated in the "show." There is not a member of the amateur company who is not entitled to special mention, to do which would occupy space which is lacking today, but it would be unjust were we to neglect to pay tribute to Charles Burke, who, backed by experience, contributed to the success of the undertaking. Ben Moore, too, constituted a dramatization of the Chinaman as we know him outside of Bisbee, his impersonation being such as to make a Celestial turn brown and to refuse to take up his abode in the copper camp.

The ladies in their respective roles rendered their parts excellently and received hearty encores, to which they responded with promptness and efficiency, giving evidence that their stock of talent was inexhaustible and that they were there to please.

Were it possible the REVIEW would gladly criticize each number of the program, and were we to do it, it would be paragraphs of praise for each and everyone who took part in the "Magpie Minstrel" performance for the benefit of the Mexican Catholic church.

Denizens of Naco swelled the door receipts, and a more gentlemanly crowd never graced the opera house. Many of them were thought to belong to Bisbee.

Chappo, proprietor of the French Cafe, was mistaken for Grover Cleveland; he denied the allegation and defied the alligator, compromising on a "small one."

Hop Jim Maloney was very much in evidence—he carried his end of the show down to Naco, singing as he left "I Could not Stand to See my Baby Lose."

Oom Tooley took his departure just like any other aspirant to municipal honors, and when he drove his steed out the last plaintive cry was: "I'd Leave my Happy Home for You!"

Tom Sayer followed his manager up, while Hicks, the legal adviser, yelled loudly in close proximity, and many of Naco's most substantial citizens hid themselves to their abode, making the early morning ring with "I'll Come Back to Thee!"

It was an event long to be remembered, and those who are responsible are to be congratulated.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion, or money refunded. 25 cts. and 50 cts. For sale at Bisbee Drug Store.

## THE RED MEN.

### The Entire Tribe Off the Reservation Today.

The headlines above would have indicated trouble a few years ago, and there would have been some scalp-raising. Today things have changed, and the best citizens of the land personate the Red Men. They do not go to kill and perpetuate the ancient customs of Lo. All know what the order of Red Men is, and this is an occasion when the chiefs and agents cannot contain them within the confines of the reservation. With or without the consent of the superiors of the tribe, they broke loose in full force today and captured the city of Bisbee. Most of the leading bucks were recognized as they escorted their band of braves through the city of Bisbee. They were not feared, but they are respected. Something over one hundred braves were in the parade, costumed and painted for the fray.

The big soup will come off tonight, and the paleface will join the Red Man in the pipe of peace. The full particulars of which will appear in the next issue of the REVIEW.

The bullion product of Yavapai county for the year 1900 will be greater than ever in the history of that great mining county.

HOW CHARLES W. BABCOCK  
Proprietor Lyceum Shell Oyster Parlor, of Rochester, N. Y.  
Obtained \$2,000 Life Insurance Policy.

"My business as proprietor of the Lyceum Shell Oyster Parlor, 245 Main street, Rochester, N. Y.," writes Mr. Charles W. Babcock, "was so confining that my lungs became affected. My doctor told me I'd have to leave the store and go to work at something outdoors. He said my lungs were in bad shape, and I knew it just as well as he did. The trouble had been growing on me for a long time. Like most other people, I tried to make myself believe the trouble was not in the lungs. I called it stomach trouble or nervous disorder, but I kept coughing, spitting and wasting away right along. I lost in weight, falling from 140 to 115 pounds. Somehow or other, I got hold of Acker's English Remedy for Throat and Lung Troubles, and after taking it according to directions, I was as well as any man in New York State. I was healthier and stronger than before I took the cold which came so near killing me. I now weigh 150 pounds—ten pounds more than ever. After recovering, I applied for a life insurance policy. When the doctor began examining me, I was afraid he would discover that my lungs had once been affected, but he didn't. I passed all right, and was pronounced in a first-class condition. If that isn't proof of the most positive kind that Acker's English Remedy is a great medicine, I don't know what you call proof. I give it my warmest endorsement. My address is given above. Anyone who wishes may write me personally about my case."

Sold at 25c., 50c. and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.
